

North Florida All-Star Series

Coaches Responsibilities

In an effort to streamline the process of how the North Florida All-Star Series we need each coach to follow/understand the guidelines below:

1. **Each coach is required to secure a sponsorship to cover the Player Fee for each player selected to the North Florida All-Star Series.** Your school, booster club or a business in the community would be good places to start. Please do not ask the kids or their parents to pay this. These sponsorships pay for jerseys, insurance, and other necessary items to make the North Florida All-Star Series a success! Please see your letter for player fee information.
2. **Each coach needs to make sure that all paperwork is complete.** Coach must make sure all information with the player acceptance form, parent consent form, and sponsorship form is completed. This includes cell phone number, email, parent contact information, etc.
3. **Make sure all required forms are returned ASAP.** We are on a short deadline and we need the coach to make certain that everything is completed. All required forms and information requested need to be scanned and emailed ASAP (see forms for email address). Not having the required forms or the player fee submitted will prevent your athletes from participating in practices and/or the All-Star game until everything is submitted.
4. **When the player commits to play in the North Florida All-Star Series, you the coach, needs to make sure that your player keeps his/her commitment.** Last minute cancellations will keep someone else from participating that would be willing to play.

We want the North Florida All-Star Series to be a great experience for all athletes, coaches and parents. Please help us provide these opportunities for all involved!
